The European Association for Behavioural and Cognitive Therapies (EABCT) has the pleasure of hosting the 5th World Congress of Cognitive and Behaviour Therapies from 11th-14th July 2007. EABCT chose the beautiful city of Barcelona to host the Congress and we know that this will guarantee a setting that will ensure delegates will experience a Congress they will remember for many years to come.

This brochure provides information on the scientific and social programme that you will experience together with information on how to register for the congress and organise your trip to Barcelona. Regular updates on the congress scientific programme, the workshops, social programme and further information on the city of Barcelona is available on the congress website.

## An invitation to WCBCT 2007

Five years of planning, in collaboration with the Catalan, European and worldwide CBT associations for cognitive and behaviour therapies, will ensure that this is a congress that will explore the progress we have made and the new areas and challenges we face. Add to this a city as exciting as Barcelona and a social programme that will ensure relaxation and fun and this is a meeting you cannot miss.

Rod Holland, WCBCT 2007, Congress Organiser

It's an honour for Societat Catalana de Recerca i Teràpia del Comportament (SCRiTC) to be hosting the 5th World Congress on CBT in Barcelona. It will be a unique opportunity to gather together the most influential researchers and therapists in CBT as well as an excellent forum for new researchers and new ideas to be promoted. Moreover, it will be the perfect place to meet old and new friends, surrounded by the atmosphere of a warm, cosmopolitan and Mediterranean city.

Xavier Pellicer, President, SCRiTC

As the Mayor of Barcelona, I am pleased that you have chosen our city to host the 5th World Congress on Behavioural and Cognitive Therapies. I invite you to take a stroll along the city's streets and discover Barcelona and its citizens. You will discover warm and kind people who have known just how to make their city a meeting point and a place that is open to the most innovative of ideas.

Joan Clos, Mayor of Barcelona

# Scientific Programme

The Scientific Programme is being assembled, according to the Congress themes, by an international panel of experts. The Invited Addresses and full day Invited Pre-Congress Workshops have now been agreed. These can be found on the following pages, along with details of the invited presenters for the Spanish language stream, which forms approximately 15% of the overall programme. These presenters, who are leaders in their field, give you a good sample of the range and quality of what is to come in the final programme. Do make sure you register on the website your email details so that we can keep you informed of important developments in the Scientific Programme of WCBCT2007. Visit the Congress website [www.wcbct2007.com](http://www.wcbct2007.com) for full details of the programme.

## Call for Papers

The Congress will undoubtedly have state-of-the-art presentations across the full-breadth of CBT, and from all over the world. It is important that you aim to be part of this! You should consider submitting to the Scientific Programme - there is a wide range of formats for submissions available, including:

• Symposia	• Panel Debates	• Clinical Roundtables
• In-Congress Workshops	• Open Papers	• Posters

If you have questions or need advice about submitting etc. do contact your local CBT organisation's representative on the Scientific International Advisory Committee. You can find their name and email address as well as examples and all the details on how to submit on the website.

## Important Dates

To guarantee hearing whether your submission is accepted, in order to be sure of getting the 'Early Bird' reduced registration rate, you must submit by the 31st October 2006. Note, the final submission date is the 31st January 2007. **So don't delay!**

• Call for papers - 'First Wave' deadline	<b>31st October 2006</b>

## Airport Barcelona

The Barcelona-El Prat International Airport is located 12 kilometres outside the city, to the south. Most European airlines, and many international ones, operate flights from its international terminal.

Taxis are the most comfortable way to get from the airport to the city. You will see a taxi stand on the left of the main airport exit. From the airport to the city, the journey takes between 20 to 30 minutes, depending on the traffic. The cost is approximately 25 EUR with a small extra charge for each piece of luggage. The tariffs are on the side of the taxi.

Other transportation options include Aerobús bus service and RENFE trains.

## Social Programme

Congresses organised by EABCT are not only well known for the quality of the scientific programme but also for the opportunity provided by the social programme for delegates to meet, socialise and enjoy themselves. The World Congress programme in Barcelona is designed to ensure that there will be plenty of opportunity to meet people from across the world in a relaxed and informal setting. Whether this is wining and dining together, dancing and partying into the earlier hours or just in a relaxed conversation at the end of a busy day we know that Barcelona will help forge new friendships and contacts between delegates from all corners of the globe.

Barcelona is famous for its culture, its food and its energy so there will plenty for delegates to explore and experience in the city during, before and after the congress. However, we do hope that you will take advantage of the social programme we have put together for the congress.

### **This official social programme will include:**

#### **11th July      Opening Event and Reception**

The Banqueting Hall of the Centre Convencions International Barcelona (CCIB)

Join the organisers for a welcoming drink and canapes to celebrate the start of the V World Congress in the spectacular Banqueting Hall of the congress centre .

There is no charge for this event

#### **12th July      World Congress Party**

Venue to be confirmed

Live music, dancing, entertainment and a cash bar will make this an ideal opportunity to party with WCBCT delegates from across the world until the early hours of the morning.

There is no charge for this event.

#### **13th July      Congress Banquet and Farewell Party**

Venue: Can Cortada

A beautiful restaurant in an 11th century castle restored as a stately part of the Artistic Heritage of the city of Barcelona. You will dine on traditional market cuisine and the entertainment, music and dancing to complete your enjoyment of the Congress. There is a separate charge, **EUR 80**, for this event and places can be booked using the Congress Registration Form.

An event that is not to be missed but space is limited so make sure that you book early to avoid disappointment.

# Hotels and Accommodation

Barcelona is a popular tourist and congress destination and although the city has a wealth of accommodation in different price categories, rooms are often fully booked throughout the year. It is therefore important that you reserve your accommodation as soon as possible. Eyas Ltd have negotiated special discounted room rates for conference attendees, in three 4 star hotels adjacent to the CCIB and in a selection of 3 star hotels in the centre of Barcelona. The discounted rate is for the congress period only and rooms are available on a first come, first served basis. Student accommodation is also available at the Olympic Village and La Ramblas area.

The list below details the hotels and accommodation that we have negotiated rates with at the time of going to press. Because of the anticipated demand please reserve your accommodation no later than 1st May. Go to the accommodation page on the website ([www.wcbct2007.com](http://www.wcbct2007.com)) to check availability and details of any other hotels that we have made available. After 1st May 2007 Eyas Ltd will make every effort to make a reservation for you in the hotel of your choice, or offer an alternative.

Use the application form provided or the on-line booking service through the website to reserve hotel accommodation. For delegates wishing to reserve their own accommodation visit the websites listed on the General Information page of the brochure.

A description of all these hotels and student accommodation can be found on the website.
